

Grade: Grade 1 · Mathematics

Shape Fun & Measure Moments

Focus: Shapes · Measurement · Comparison

1. Draw one circle, one triangle, and one square.
2. Circle the longest object.
3. Find three things shaped like rectangles.
4. Which is heavier — rock or leaf?
5. Draw two lines — one short, one long.
6. Trace the outline of your hand and compare with a friend.
7. Count the sides of a pentagon.
8. Colour the biggest shape red.
9. Sort objects by size — small, medium, large.
10. Find something taller than your book.

Tutoring Tip:

Use real classroom items to teach measurement and comparison naturally.
