

Grade 7 Worksheet: Climate Forge Innovation Sprints

Subject: STEM & Entrepreneurship | Duration: 60 min sprint | Format: Project

Summary

Rapid prototyping sprints where teams engineer eco-tech solutions, document iterations, and pitch investors.

Key Skills

- design thinking
- systems mapping
- pitch writing

Competencies

- Ontario Grade 7 Science
- Entrepreneurial Thinking
- Global Goals

AI Extension

Scenario simulator that stress-tests prototypes against climate forecasts and community feedback.
